Administrative Measures on Inspection, Quarantine and Supervision of Import and Export Meat Products

AQSIQ Order No.136-2011

The Administrative Measures on Inspection, Quarantine and Supervision of Import and Export Meat Products, as deliberated and adopted at the executive meeting of the State Administration of Quality Supervision, Inspection and Quarantine on 10 Mar 2010, are hereby promulgated and shall come into force on 1 Jun 2011.

Director

2 Jan 2011
Chapter I General Provisions

Article 1 In order to reinforce the inspection and quarantine of the import and export of meat products and supervision and administration thereof, guarantee the quality safety of import and export meat products, prevent epidemic disease of animals from spreading into or out of the territory of China, protect production safety of agriculture and animal husbandry as well as human health, these measures are formulated according to the Law of the People’s Republic of China on Import and Export Commodity Inspection and its Implementation Regulations, the Law of the People’s Republic of China on the Entry and Exit Animal and Plant Quarantine and its Implementation Regulations, the Law of the People’s Republic of China on the Frontier Health and Quarantine and detailed Implementation Rules, the Food Safety Law of the People’s Republic of China and its Implementation Rules, the State Council’s Special Rule on Strengthening the Safety Supervision and Management of Food and other Products and other relevant laws and regulations.

Article 2 These Measures shall be applicable to the inspection and quarantine of the import and export of meat products and supervision and administration thereof.

Article 3 The term "meat products" as mentioned in these Measures refers to any part of the slaughtered animal that is edible for the humans, including the body, viscera, byproducts and products made of the aforementioned products as raw materials, excluding canned products.

Article 4 The State Administration of Quality Supervision, Inspection and Quarantine (hereinafter referred to as the AQSIQ) takes charge of the nationwide inspection and quarantine of imported and exported meat products and the supervision and administration thereof.

Local entry–exit inspection and quarantine branches set up by the AQSIQ (hereinafter referred to as the “local Branches”) shall be responsible for the inspection and quarantine of imported and exported meat products and the supervision and administration thereof under their jurisdiction.

Article 5 Local Branches shall inspect and quarantine imported and exported meat products and conduct supervision and random inspection according to law, and apply credit management and classified management to enterprises that manufacturer or process imported and exported meat products (hereinafter referred to as “manufacturer”), consignees and consignors in line with regulatory needs.

Article 6 Manufacturers of import and export meat products shall carry our production and operation activities in accordance with laws, administrative regulations and relevant standards, be responsible for the society and the public, ensure the quality safety of meat products, accept public supervision and undertake social responsibility.
